

Who we are...

The RASE Project is a 501 (C)3, Non-Profit, Charitable organization. We are what is referred to as a Recovery Community Organization, which means that we are comprised entirely of staff and volunteers from the Recovery Community and we exist to serve the Recovery Community. Recovery Community is defined as any person in or seeking recovery, their families, partners, close friends and other loved ones.

Additionally, we serve as a conduit to the public for information, education and support regardless of financial situation. We have services available at no cost to the individual and there is never a fee for asking questions. You can visit our recovery drop-in centers at any of our offices for information, referral or assistance.

We also provide guidance and technical assistance to other Recovery Community Organizations.

What we do...

Support Services

The following programs are offered to enhance the recovery process through peer support and structured programming.

- Buprenorphine Coordinator Program
- Recovery Specialist Program
- RASE Youth Program
- Bridges for Recovery
- Recovery Support Services Program

Educational Services

The following...

- Recovery "Welcome Centers"
- Recovery 101 groups
- Recovery Life Skills groups
- SMART recovery groups
- 12-Step groups
- Promotional events

Intervention Services

We have certified interventionists who facilitate interventions from inception through follow up services after treatment. We provide:

- In home Interventions
- Orchestration of Treatment and Recovery Services
- Transportation to and from facility

Residential Services

The goals of RASE House are to empower our residents to enter prolonged recovery and to live productive, self-sufficient lives. RASE House programming is designed to assist each resident achieve the following objectives: sustained recovery, permanent full-time employment, understanding and possession of bank accounts, and the necessary skills needed to navigate through life successfully.

How we do it...

Services like ours are made possible by funding sources such as:

- Capital Area Behavioral Health Collaborative
- Community Care Behavioral Health
- Medical Assistance Programs
- Partnership for Better Health
- Dauphin, Lancaster & Lebanon County SCAs
- United Way of Carlisle & Cumberland County
- Private funding sponsors

The RASE Project offers a series of free professional trainings and educational workshops throughout central Pennsylvania that address addiction, the family and the recovery process.

Additionally, RASE advocates on behalf of the recovery community by visiting Capitol Hill and local policy makers to represent those anonymous persons seeking, or already in recovery and to represent and protect their rights.

For more information on these services please contact our advocacy and education department directly via email: education@raseproject.org

Recovery . Advocacy . Service . Empowerment

We exist to reduce the stigma associated with the disease of addiction as well as offering support in the process of recovery.

For far too long the nature of recovery from addiction has been veiled in secrecy and shame.

In order to protect ourselves we seek support through anonymous fellowships.

Unfortunately, not only are our problems hidden, so are our successes.

Agency Mission

To assist all those individuals affected by substance use issues, problems and concerns by fostering progress, enriching lives, and ultimately enhancing the recovery process.
